

Material Safety Data Sheet (2001/58/EC)

1. Identification of the substance/preparation and of the company

- Date of issue: May 3, 2006
- Product name: 4085 Trimethyl amine 30% in water
- Recommended use: Artificial Flavoring substance
- Manufacturer: Advanced Biotech, Paterson, NJ 07524
- Emergency telephone no.: Infotrac 1-800-535-5053
International 1-352-323-3500 call collect

2. Composition/information on ingredients

- Chemical identity: Trimethyl amine solution 30% in water
- Molecular formula: C₃H₉N
- CAS No.: 75-50-3
- EC No.: 200-87-50
- EC-Index-No.: 612-001-00-9

3. Hazards identification

Extremely Flammable. Harmful by inhalation and if swallowed. Causes Burns.

4. First aid measures

- After inhalation: Provide with fresh air
- After skin contact: Take off all contaminated clothing, wash with plenty of water
- After eye contact: Rinse thoroughly with plenty of water and seek medical advice
- After swallowing: Immediately drink plenty of water; Seek medical advice and show this container or label

5. Fire-fighting measures

- **Suitable extinguishing media:**
Carbon Dioxide (CO₂), foam, powder, water
- **Special protective equipment for fire fighting:**
Do not stay in danger zone without self-contained breathing apparatus.
- **Other information:**
Cool container with water spray from a safe distance. Contain escaping vapors with water. Prevent fire-fighting water from entering surface water or groundwater. Keep away from sources of ignition.
- **Special risks:**
Combustible. Vapors heavier than air. Forms explosive mixtures with air at ambient temperatures. Development of hazardous combustion gases or vapors possible in the event of fire.

6. Accidental release measures

- **Person-related precautionary measures:**
Do not inhale vapors/aerosols. Ensure supply of fresh air in enclosed rooms.
- **Environmental-protection measures:**
Do not allow to enter sewage system.
- **Procedures for cleaning / absorption:**
Take up with liquid-absorbent material. Forward for disposal. Clean affected area.

7. Handling and storage

- **Handling:**
Take precautionary measures against static discharges. Keep away from source of ignition. When using do not eat or drink.
- **Storage:**
Tightly closed, in a well-ventilated place. Keep away from source of ignition - no smoking.

8. Exposure controls and personal protection

- **Exposure limits**
Avoid contact with eyes, skin, clothing, and breathing vapor.
- **Personal protective equipment:**
Protective clothing should be selected specifically for the working place, depending on concentration and quantity of the hazardous substances handled. The resistance of the protective clothing to chemicals should be ascertained with the respective supplier.
 - Respiratory protection: Required when vapors/aerosols are generated.
 - Eye protection: Wear eye/ face protection
 - Hand protection: Wear suitable gloves
 - Industrial hygiene: Change contaminated clothing. Application of skin-protective barrier cream recommended. Wash hands after working with substance.

9. Physical and chemical properties:

- Form: Liquid
- Color: Colorless to pale yellow
- Odor: Fishy
- pH value at 10 g/l H₂O: No information available
- Boiling point: N/a
- Flash point: ca. 3.3°C
- Melting point: N/a
- Explosive properties: No information available
- Lower explosion limit: No information available
- Upper explosion limit: No information available
- Ignition temperature: No information available
- Oxidizing properties: Not oxidizing; Flammable
- Vapor pressure: N/a
- Density/specific gravity@20°C: 0.910-0.950
- Solubility in Water: Soluble
- Solubility in Organic solvents: Soluble

10. Stability and reactivity

- Conditions to be avoided: Heating
- Substances to be avoided: Strong oxidizing agents
- Hazardous decomposition products: Carbon monoxide, carbon dioxide, oxides of nitrogen
- Further information: No information available

11. Toxicological information

- LD₅₀ oral, rat: No information available
- LD₅₀ dermal, rabbit: No information available
- LD₅₀ inhalation, rat: No information available
- Further toxicological information: May be harmful if inhaled, swallowed, or if absorbed through the skin.

12. Ecological information

- **Biologic degradation**
Biodegradation: No information available
- **Ecotoxic effects**
Biological effects: No information available
Fish toxicity: No information available
Bacterial toxicity: No information available
Daphnia toxicity: No information available
Algal toxicity: No information available
- **Behavior in environmental compartments**
Distribution: log P(oct): No information available
- **Further ecological data**
Do not allow to enter water, drain or soil.

13. Disposal considerations

- **Product:**
according to official local regulations.
- **Packing:**
according to official local regulations.

14. Transport information

- UN-no. / Name: UN1297 / TRIMETHYLAMINE, AQUEOUS SOLUTIONS
- IMDG - Classification: 3(8)/UN1297/PGII
- IATA - Classification: 3(8)/UN1297/PGII
- ADR - Classification: 3(8)/UN1297/PGII

15. Regulatory information

- **Labeling according to EC Directives:**
Symbol: F+ Extremely flammable

R-phrases:	C	Corrosive
	12	Extremely Flammable
S-phrases:	20/22	Harmful by inhalation and if swallowed
	34	Causes Burns
	3	Keep in a cool place
	16	Keep away from sources of ignition- No smoking
	26	In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.
EC-no.:	36/37/39	Wear suitable protective clothing, gloves and eye/face protection.
	45	In case of accident, or if you feel unwell, seek medical advice immediately and show the label where possible. 200-87-50

16. Other information

- The information contained herein is based on the present state of our knowledge. It characterizes the product with regard to the appropriate safety precautions. It does not represent a guarantee of the properties of the product.
